## Day 10: History Through Art Activity

Take some time to look at this painting, then follow the discussion prompts on the next page.

My Title: \_\_\_\_\_

## Discussion Steps:

1. What do you see when you first look at the painting? Who are the characters? Where are they? What are they doing?
2. Look at the characters' faces, especially their eyes and mouths. What are they looking at? How do you think they are feeling? See if you can make a face like each of the characters.
3. Look at the characters' arms and hands. What are they doing? Are they holding anything? What do their arms and hands tell you about how they might be feeling?
4. Now, look at the characters' feet. What do they tell you about who this character is and what they are doing or feeling? If you can't see their feet, why not?
5. Now that you've looked closely at the painting, what would you say it is about? Can you tell a story about what is happening in the painting using only the details that the artist has shown?
6. The final step is to think of a good title for the painting. Write your title down in the space provided. If you like, you can tape the painting to the wall or hang it on the fridge to look at again later.
