

Day 9: Gift Box Craft

Follow the directions below to create a cute Gift Box!
You will need coloring supplies, scissors and glue.

Directions:

1. Print page 2. The craft will last longer if it is printed on card stock.
2. Color the gift box if you want. Add a name to the name tag area.
3. Cut it out on the solid lines (don't cut on the dashed lines!)
4. Fold along the dashed lines. Add glue on areas where it says glue.
5. Assemble the box. Fill with goodies.
6. Close the box by tucking in the tab on the lid. You can add a bit of glue here too if you like.
